

Once a member of our plan, you will receive the following benefits:

We have tried to simplify the dental experience.

- No deductibles or yearly maximum.
- No waiting periods
- No need for pre-authorization.
- No pre-existing limitations.
- All procedures are covered, including cosmetic, implant and orthodontic
- Normal periodic (2x per year) cleanings covered at 100%.
- Standard digital radiographs at the normal frequency as recommended by the ADA at 100% coverage.
- Exams and oral cancer screenings at no additional charge.
- A comprehensive discount on all other treatment services.

The Dental Savings Membership Plan

Our goal

We realize that having quality dental insurance is not always an option for everyone. Often, we lose our coverage on retirement or may be self-employed. Supplemental plans are often very limited or restrictive to the types of treatment. Most of these plans are not worth the money. Our Savings Plan is a simple, convenient way to maintain your dental health for a reasonable cost.

By maintaining your membership by either a monthly or annual payment, you are assured of receiving the timely treatment you need, when you need it.

Our membership plan is designed to provide high quality care for you and your entire family.
